

## BACKGROUND BROOKHAVEN AND ASBURY LINES GO THE DISTANCE

Longevity is a true testament to Cifial USA's design expertise and handcraftsmanship. Both of the hand-crafted Brookhaven and Asbury lines incorporate design styles that have remained in demand for more than 40 years such as quality construction and versatile appeal. Balancing both form and function, these faucets offer superior performance and ease of use without sacrificing style. Cifial USA has expanded its impressive lavatory faucet portfolio with the statuesque Brookhaven L-Spout Series and the classic Asbury Widespread collection.

"The Brookhaven L-Spout Series truly captures transitional styling by blending contemporary and traditional elements into every faucet" says Jim Osborne, director of sales for Cifial.

Well-suited for universal design, the crown lever handles of the Brookhaven L-Spout Series are easily turned on and off with minimal effort for those with limited range of motion or suffering from arthritis. Known for unparalleled design, innovation and technology, the [Brookhaven Collection](#) was awarded the ADEX Silver Design Award.

Brookhaven L Spout in an aged brass finish

"Conversely, the Asbury collection offers a more traditional design but is also consistent in superior quality, fit, and finish. The Asbury is one of the most sought after product lines we offer," continues Osborne.

With a more established presence, the [Asbury Collection](#) can be used to create a remarkable look for any bathroom space. Available with a taller, hi-arc faucet or a shorter, teapot version, the Asbury Lavatory faucet comes with standard features such as solid brass construction and a ceramic-disk cartridge.

Asbury 3-Hole Hi-Arch Widespread Lavatory Faucet

Both collections are available in eight unique finishes ranging from polished chrome and aged brass, to distressed bronze and feature a variety of exquisite lavatory and kitchen faucets including the 3-Hole Widespread, Wall Mount

Faucet (Brookhaven), and Single Handle Faucet.
