**Safety Bath** Door Insert Kit can be led in an existing bathtub to provide visible entrance. The user retains the use of bathtub as a bathtub and as a shower. **Circle 21**

**60-in. Sterling Accord** tile bath/shower is made of solid Vikrell material and incorporates an innovative click-together, caulkless wall system. The four-piece bath/shower features a 90-degree pivot point installation system making it easy to interlock the two end walls with the tub wall. **Circle 22**

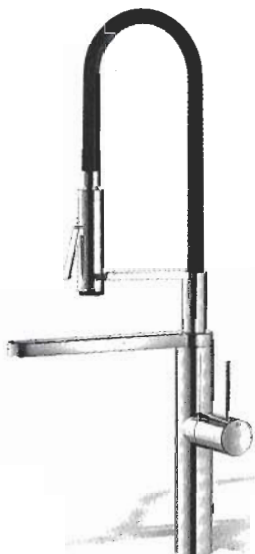

With graceful curves, the Aerial Collection by **Danze** offers a beautiful, understated elegance in the bathroom. Scaled to keep the design simple, the line includes a single-handle rotary faucet, a two-handle centerset faucet, a two-handle widespread faucet, a Roman tub and a shower or tub/shower options. **Circle 23**

**DuPont Zodiaq** features its new Terra Collection, which consists of four colors: Calm Springs, Warm Taupe, Moroccan Morning and Mossy Green. It contains at least 50 percent preconsumer recycled glass. **Circle 24**

**SieMatic** reveals a complete range of smart designs for the compact kitchen with its new CompactDesign collection. Among the new offerings is the CompactDesign SL 101 and the CompactDesign SC 10, which both incorporate the contemporary features consumers like best in SieMatic's SL and SC Collections with the addition of vibrant new colors and wood finishes. **Circle 25**

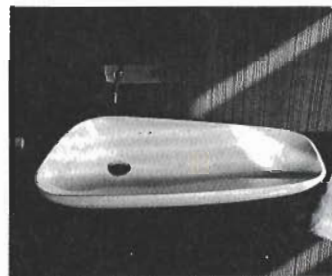

The **KWC ONO** highflex successfully combines simple, elegant design with a professional pullout spray. The high-performance hose is easily operated with one hand and immediately returns to its original position after use. **Circle 26**

The **Quadra 25** from **Cifal** is a single-handle, low-flow faucet measuring just over 6 in. in height. Three unique finishes are offered, including polished chrome, satin nickel and weathered. **Circle 27**

**RSI Home Product's Estate Premier** Cinnamon Vanities contain solid hardwood drawer boxes with smooth opening drawer glides. These vanities come in 33 1/2-in. height and have a full overlay design with no visible face frames. **Circle 28**

The **Palomba** Collection, designed for **Laufen** by Roberto and Ludovica Palomba, depicts geometric and organic shapes. The series features innovative elements like an asymmetrical floating sink with contemporary right angles, a lagoon-shaped basin and ample countertop space. **Circle 29**

The **Kohler Yin-Yang Wading Pool** vitreous china lavatory accommodates a range of faucet types and offers all the functionality of a traditional countertop basin. The Yin-Yang Wading Pool is available in 17 Kohler colors. **Circle 30**

**SYNC** by **Stone Forest** is a unique modular concept offering multiple combinations of sinks, countertops and shelving made from natural stone and stainless steel. The components slide into wall-mounted, stainless steel brackets which also double as towel bars at each end of the floating vanity. The honed black granite, carrara marble, onyx and stainless steel components combine to create endless sizes and layouts. **Circle 31**

The **Whirlpool Resource Saver** Wash System dishwasher features enhanced wash performance as a result of increased water pressure and a three-stage filtration system. The new system ultimately results in a quieter wash cycle with reduced energy consumption. **Circle 32**
