Call for Entries

Cifial USA, a Portuguese manufacturer of handcrafted plumbing and hardware, announced the First Annual Unchartered Waters Design Competition. Open to both residential and commercial interior designers in the continental United States, the competition seeks to recognize those who are pushing the boundaries of interior design with Cifial products. The winning firm will be awarded \$20,000 (retail value) in Cifial product for use on a future design project. There is no cost to enter, and forms must be submitted online at www.cifialusa.com/promo by June 30. Entrants will be asked to describe in 500 words or less how a project drove them to exceed their own design limits and how they integrated Cifial products. All projects must include Cifial product and have been completed after Jan. 1, 2007.
