Cifial USA introduces its first slate sink from renowned industrial designer Carlos Aguiar. The Techno S1 slate sink uses elements found in

Cifial Techno S1 Slate Sink

nature for its inspiration. Made with natural products including teak and locally quarried slate, the Techno S1 sink features a large slate basin available in a choice of green or black stone. The sleek slate is complemented with natural teak accents on either side lending an organic feel to the contemporary sink. Two sizes are available, 3 feet and 1.8 feet in length. In addition, each sink can be customized for a wall-mount, single-hole or three-hole lavatory faucet. www.cifialusa.com

Danze announced the extension of its Cirtangular Collection to include more compact 24" wide vanities and mirrors scaled for bath and powder rooms with smaller footprints. Now available in the smaller format:

- ▼ 24" pedestal basin
- ▼ Cirtangular-Brulée 24" vanity
- ▼ Cirtangular-Brulée 24" mirrored cabinet
- ▼ Cirtangular-Knightsbridge 24" vanity
- ▼ Cirtangular-Knightsbridge 24" mirror

Danze's Cirtangular-Brulée collection features a clean understated urban design in a wenge finish.

The Cirtangular-Knightsbridge vanity and mirror reflect classic sophistication with architectural columns and a mahogany finish. The Cirtangular rectangular basin can also be mounted as an elegant pedestal sink. The collection is completed with matching water-efficient toilet designs available in both 1.6 gpf and 1.28gpf (HET) versions.

Hansgrohe recently unveiled new, easy-to-use lever handles and a vibrant polished nickel finish for its contemporary Metris S bathroom faucets and showers. The new lever handles mirror the clean contemporary look of the Metris S faucet spout, while also echoing its smooth, rounded edges and wide, flat surfaces. All four Metris S faucets comply with the Americans with Disabilities Act.

Hansgrohe Metris S

The widespread lav faucet has a flow rate of 1.5 GPM, representing a 30% water savings over conventional faucets. The three-hole roman tub set has a flow rate of 10 GPM and 44 PSI pressure. The four-hole roman tub set also offers 10 GPM and includes a Raindance S 100 AIR-e-
